

SHIVAM KUMAR

Java Backend Developer

Lucknow, UP, India • +91 9792079093 • shivamkumar37je@gmail.com • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

SUMMARY

Java Backend Developer with strong expertise in Java, Spring Boot, Spring Security, Hibernate ORM, and MySQL database optimization. Skilled in engineering secure RESTful APIs, stateless JWT authentication, Role-Based Access Control (RBAC), and multi-stage Docker containerization. 2x Tech Hackathon Finalist with leadership experience directing collaborative engineering teams.

TECHNICAL SKILLS

Languages:	Java (Collections Framework, Streams API, Multithreading, Concurrency, OOP), SQL, JavaScript, Python, C
Backend & Frameworks:	Spring Boot, Spring Security (JWT, BCrypt), Spring Data JPA, Hibernate ORM, Spring MVC, RESTful APIs, Java WebSocket (STOMP), Node.js, Express, Thymeleaf
Databases:	MySQL, PostgreSQL, MongoDB, H2 Database (Schema Design, Indexing, ACID Transactions)
Automation & DevOps:	n8n Workflow Automation, Docker, Docker Compose, Git, GitHub, Maven, Postman, Cloudinary CDN, Render
Core Competencies:	Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), System Design Basics, Technical Documentation (Swagger/OpenAPI), Team Leadership, Agile/Scrum

WORK EXPERIENCE

Analyze InfoTech

Jun 2026 – Jul 2026

Full-Stack Web Development Intern (MERN Stack) | Lucknow, India

[\[Certificate\]](#) [\[Repository\]](#)

- Spearheaded development of 15+ RESTful endpoints for an e-commerce platform using Node.js and MongoDB, scaling query efficiency by 30%.
- Implemented stateless JWT authentication with BCrypt encryption, securing 100% of sensitive API routes across 2 distinct user tiers.
- Engineered multi-image upload workflows using Multer with disk storage validation, eliminating unhandled server exceptions to 0%.
- Authored comprehensive API documentation for 15+ endpoints using Swagger, cutting cross-functional frontend onboarding time by 25%.

KEY PROJECTS

Tool & Equipment Rental System (ToolShare) | Java, Spring Boot, Spring Security, MySQL, Docker

Aug 2026 – Sep 2026

Lead Backend Developer

[\[Repository\]](#)

- Architected a peer-to-peer equipment rental platform with 15+ RESTful endpoints and 50 km geolocation discovery radius.
- Programmed strict Role-Based Access Control using Spring Security, achieving sub-100ms authorization latency across 3 user roles.
- Automated a 4-stage rental lifecycle featuring database concurrency locking, processing 50+ concurrent bookings with 0% conflict rate.
- Containerized the backend application using multi-stage Docker builds and Docker Compose, shrinking container footprint by 40%.

Electronic Voting Machine (EVM) System | Java, Spring Boot, Spring Security, WebSocket, MySQL

Jan 2026 – Feb 2026

Full-Stack Java Developer

[\[Repository\]](#)

- Led development of an enterprise digital voting portal serving 500+ simulated concurrent voters with tamper-proof audit trails and 99.9% uptime.
- Integrated Java WebSocket (STOMP protocol) to stream live voter turnout metrics to administrative dashboards with sub-200ms real-time latency.
- Configured a 3-role governance structure (Voter, Member, Admin) enabling 100% automated candidate nomination and election phase transitions.
- Enforced atomic ACID database transactions and Email OTP verification, guaranteeing zero duplicate voting across 1,000+ recorded ballots.

CERTIFICATIONS & ACHIEVEMENTS

- AWS Academy Graduate: Cloud Foundations** - Amazon Web Services
- Azure Fundamentals Cloud (AZ-900)** - Microsoft
- Java Foundations Professional** - JetBrains & LinkedIn
- Spring Boot, Spring & Hibernate Development** - Udemy
- REST API Architecture & Design** - LinkedIn Learning
- 2x Tech Hackathon Finalist: Rapid Prototyping Winner** - Hackathon

EDUCATION

SR Institute of Management and Technology

Aug 2023 – May 2027

Bachelor of Technology (B.Tech) in Computer Science and Engineering

CGPA: 7.41 / 10.0 | Lucknow, India

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming (Java), Database Management Systems (DBMS), Operating Systems, Computer Networks
